Texture Rubbing -

A method to document found textures. A texture rubbing you can be created via *(by the way of)* **a variety of media such as a graphite stick, pencils, crayons, oil pastels, colored pencils, etc.**

Step 1 - **Place a piece of paper over an uneven surface.**

Step 2 - **Choose the MEDIUM (pencils, crayons, pastels, etc) that you are going to use to create the rubbing.**

Step 3 - **Rub over the surface. Pay attention to how hard or soft you are pressing. The pressure will change the marks that are made. Different MEDIA (pencils,crayons, pastels) will create different types of marks.**
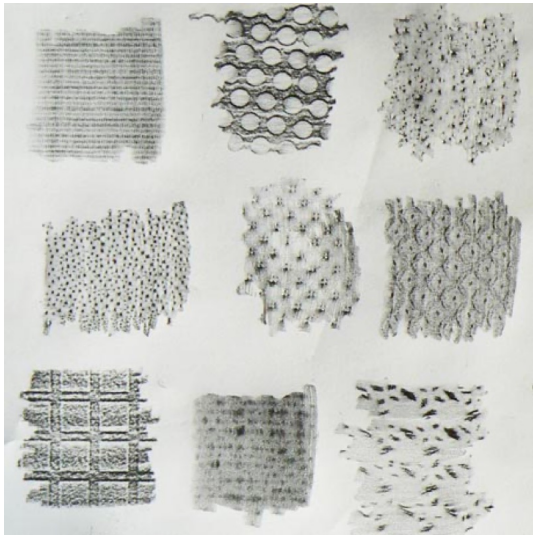

Directions - For your first texture rubbing, find an uneven surface in our classroom.
Create a rubbing to document the texture in the box below.

Describe the surface that created this texture?_____

What medium/media did you use? _____

What type of pressure did you use?   **Hard**   **Medium**   **Soft**

Name_____ Per._____ Date_____

Overlapping Textures and Media

Directions - Use a minimum of three different textured surfaces and a minimum of two different media for this example.

Explore **mixing/overlapping** different surfaces and different Media to create an interesting texture rubbing.
