

Exquisite Corpse Brainstorming ideas

Part 1 - Head and neck.

Part 2 - Shoulders down to the waist

Part 3 - Waist down to the end of the legs, tail, etc.

The Exquisite Corpse ideas began as a Surrealist drawing game. The Surrealists art movement created art based on irrational, dream-like, subconscious ideas. Traditionally the drawing would be created by more than one artist. By allowing multiple people to add their ideas the individual artist had to lose control of the idea and allow the idea / art to become whatever it wanted.

Brainstorm lists of objects that you may eventually use for your drawing and digital ideas latter.

Directions - Make a list of animals that only have three letters in their name.
