

Directions - Place a piece of graphite paper (darkside facing down) under this page of ideas to be traced. You choose which elements you want to trace. Your composition must have a minimum of 3 different Koi Fish, a minimum of one Lotus flower and shapes to represent flowing water. If you want to make up your own shapes for any of these elements you may be creative.

Directions - Place a piece of graphite paper (darkside facing down) under this large circle. Trace the shape on to a heavy weight paper. This is goint to be the top layer, that frames your compositon. Make sure the edges are cut clean with no unwanted bumpy areas.
