Directions:

Step 1: Using a pencil, lightly sketching a **3 - 5 letter word** using a graffiti font that you created, or an example found online.

Step 2: Use a sharpie marker to darken in the lines.

- Add line quality, make thick and thin lines.
- DO NOT darken in the letters.
- You will need open spaces to add color in digitally.

Step 3: Ask the teacher to photograph or scan your image.

Step 4: Follow the direction on our assignment page to complete the Live Tracing and coloring requirements for the project.

Graffiti - Live Trace Template

DO NOT TRACE YOUR LETTERS.

Warning all the shapes must be closed, or else the computer will not be able to fill the color correctly.
