

Name _____ Per _____ Date _____

To create a composition we are going to use icons to tell a story. An icon is an object that carries a meaning. For example a pair of sunglasses could represent being "cool", or a bow in your hair could represent being "beautiful".

Your Crane Composition will use icons to send a message about the environment that your cranes are in and, the types of activities your cranes are doing.

Image #1

- Use an adjective to describe the environment - (Adj. = Describing words)

- List the objects/icons you see in the image

- Create a fictitious title for this image. The title should explain what is happening within the composition. Fictitious means, made up/ not real.

Image #2
