Texture and Ribbon Learning Activity

Step 1 - Use a 9" x 12" piece of nice drawing paper to set up your Learning Activity, via the directions shown below.

Step 2 - Use the videos on **mrknightart.com/texure** to complete your examples.

Video #1 wood, Brick, Metal, and Video #2 grass, leaves, tree.

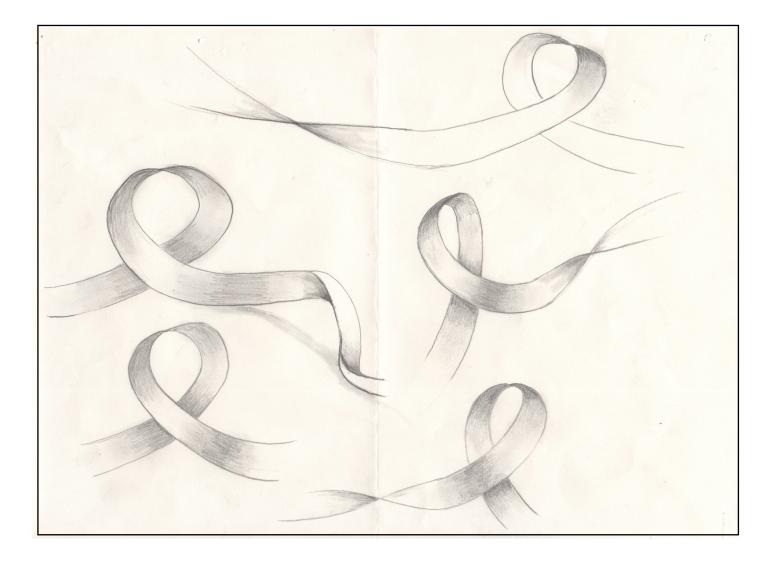

Texture and Ribbon Learning Activity

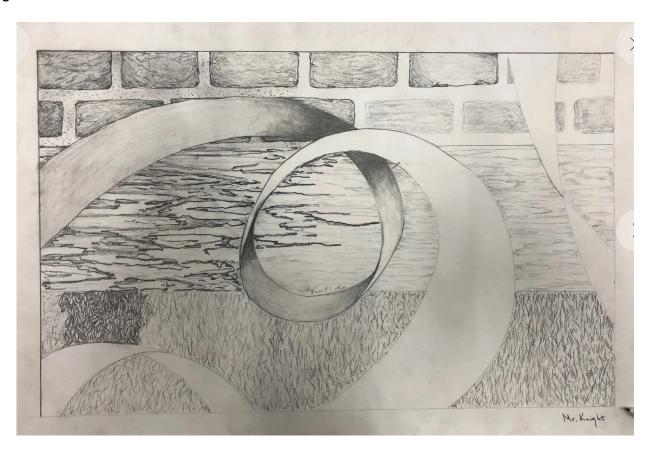

Step 3 - On a separate piece of paper, practice drawing a flowing ribbon form. The ribbon must overlap and twist. Minimum of 4 ribbons.

Your drawings need to have soft blended values.

Texture and Ribbon Assignment

After you have create the learning activity (6 textures Wood, grass, metal, leaves, bricks, tree and a flowing ribbon that overlaps and twists) you will be ready to apply your knowledge to this assignment.

Step 1 - On a 9" x 12" piece of paper draw a 1" boarder.

Step 2 - Create a composition that includes a ribbon the overlaps or twists. Fill in the background space with ANY texture you like. You may use the texture examples from the learning activity (wood, bricks, metal, trees, leaves, grass) OR, create your own textures such as pebbles, flowing water, fabric, etc. Use reference images or videos to create VERY detailed examples.

Texture Rubric

3 pts.

6 pts.

Basic Directions and set up The project has evidence that the boarder was not accurately measured. The project has evidence that the boarder was not accurately measured. Understanding and applying knowledge The project has evidence that the aritis attempted to create a ribbon pattern. The ribbon lack an overlap or twists. The ribbon lack an overlap pattern. The ribbon lack an overlap or twists. The horbon does not flow. The project has evidence that the aritis attempted to create a ribbon pattern. The ribbon lack an overlap or twists. The broidce that the aritis was able to use pencils to add value. The value between the light and dark areas: Could have been pushed further. The marks look sloppy. The project has evidence that the artist was able to use pencils to add value. There value between the light and dark areas: Could have been pushed further with more darks / light. The blending is rough. The project has evidence that the artist was able to use pencils to add value. There is was little effort to push the ideas via the use of fort to push the ideas via the use of		5 pt3.	0 pt3.	
Understanding and applying knowledgeThe project has evidence that the artist attempted to create a ribbon pattern. The ribbon daes no verlap or twists. The ribbon daes no toflow. The artist quickly applied marks. The texture could have been refened further. The marks look sloppy.The artist quickly applied marks. The artist used multiple layers of marks to create a convincing texture.TechniqueThe project has evidence that the artist was able to use pencils to add value. The value between the light and dark areas could have been pushed further with more darks / light. The blending is rough.The project has evidence that the artist was able to use pencils to add value. There is contrast between the lights and dark areas, the blended areas are super smooth.Creative VisionThe composition looks boring. The use of space is unplanned. There is was little effort to push the ideas via the use of an interesting texture.The project has evidence that the artist was able to use pencils to add value. There is cortast between the light. The blending is rough.Creative VisionThe project has evidence that the artist was quick to finish the project. There are winkles, tears, unwanted smudges. There are area of the project that book unfinished.The project has evidence that the artist was quick to finish the project. There are winkles, tears, unwanted smuges.
