

Exquisite Corpse Shape Robot Animals

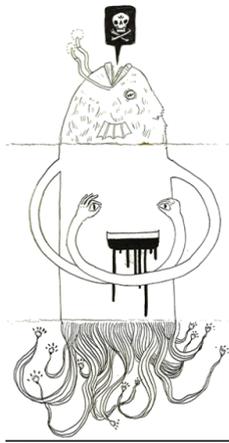

Directions:

For this assignment you will draw one robot or animal head, one robot or animal body and one robot or animal waist and legs. These robot or animal sections will be created by overlapping shapes using construction paper. Your job is to draw, cut, and layer shapes to make the different parts of your creature.

What is an Exquisite Corpse?

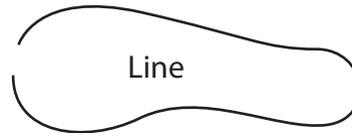

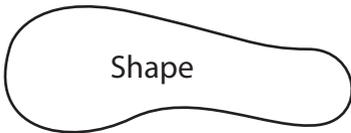

An Exquisite Corpse is an image drawn by three different artists that have not seen each other's ideas. Each artist draws a separate part of the body and then the separate parts are assembled to create a weird creature. For this assignment each person is required to create a head, a body and legs. When everyone is done we will mix them up to create awesome creatures.

Examples of Exquisite Corpse art

Vocabulary:

Shape - A closed area of space. A Shape can not have an opening in it, or else it is a line.

There are two types of shapes

Organic Shapes - found in nature, such as leaves, clouds, rocks, sticks, cats, etc.

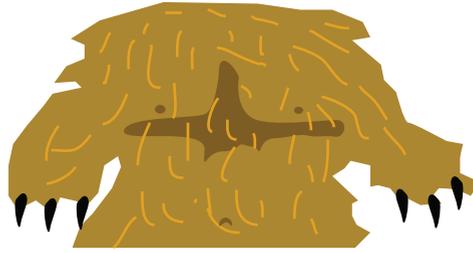

Geometric Shapes - that typically have straight sides or shapes that were drawn with a tool such as a ruler or a compass such as squares, triangles, circles, rectangles etc.

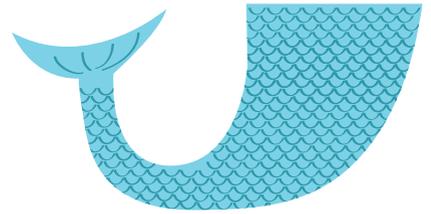

Examples of what your assignment could be.

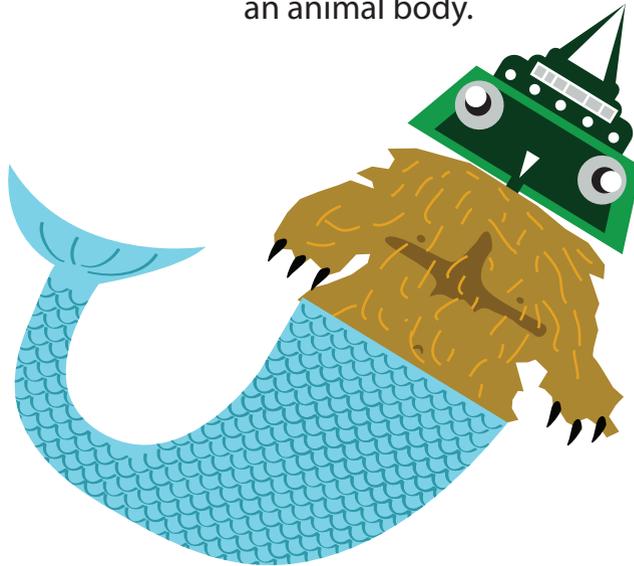

Geometric shapes overlapped to create a robot head.

Organic shapes overlapped to create an animal body.

Lines and shapes to create an animal body.

Step 1:

Take a look at some ideas on the next page to help you get ideas for your robot / animal parts.

Step 2:

Begin by cutting a background in the basic shape that will be your creature's head.

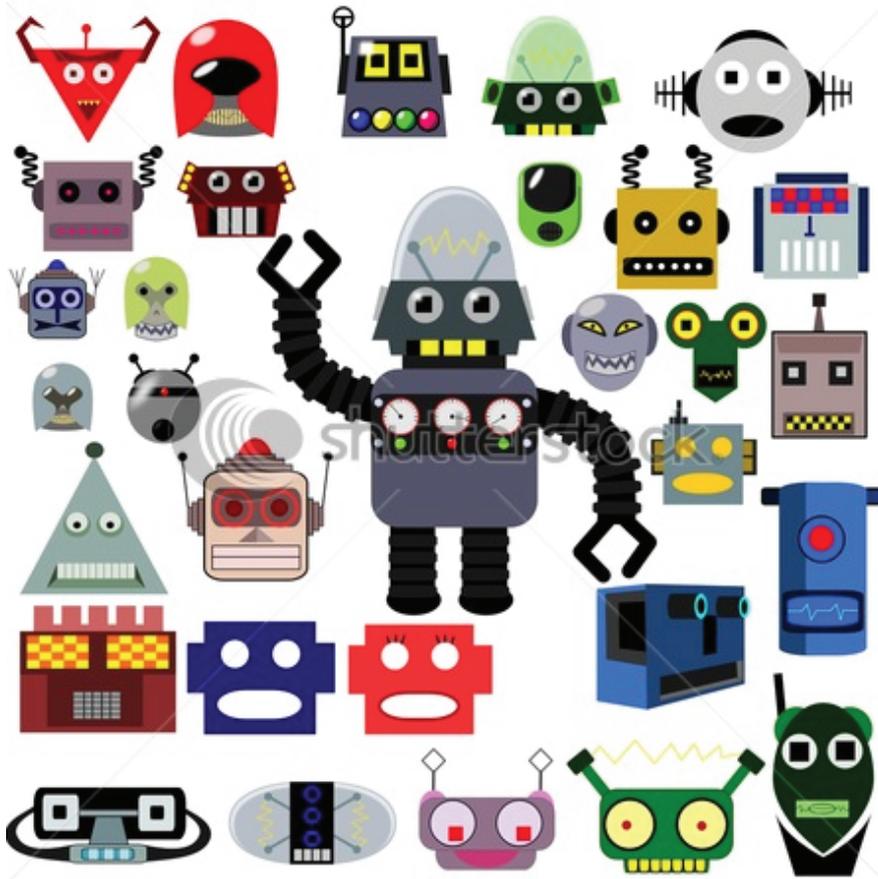

Step 3:

Layer your shapes to create the different parts. For example, you can cut a red circle for the eyes and layer a white rectangle to go inside.

Step 4:

Have a variety of different colors shapes. Organic and Geometric.

Step 5: After all the parts are turned in we will create a whole class set of new creatures.

Animals to draw

- Worm
- Snake
- Flamingo
- Whale
- Deer
- Camel
- Crocodile
- Hippo
- Elephant
- Otter
- Gorilla
- Ant
- Owl

Please remember that it is not required to have perfectly recognizable creature.

In fact the more crazy your creatures are the better.
