

# How to build a wire form sculpture

## Materials -

1. Square piece of wood for the base.
2. 36" of stove wire.
3. Staple gun
4. Hammer
5. Stocking

**Step 1 - Staple the wire to the wooden base. Use two staples for each end to make your sculpture strong.**

**Step 2 - Cover the wire with the stocking.**

**Step 3 - Bend and shape the wire into the form you want to draw. You can reshape your wire for each drawing if you wish.**
